Your Career at Home

You would be working from home and receiving a financial package which includes an enhanced rate of pay.

There will be a comprehensive training programme for committed carers to give them the essential skills required to offer specialised care to these young people.

Carers will receive intensive support from the Remand Fostering Scheme and further support from those involved with the young people.

Remand Foster Care Scheme

Could you make a difference?
Why do young people need Remand Foster Care?

The Remand Fostering Scheme provides a supportive caring environment for young people awaiting to return to the Criminal Courts for sentencing.

Young people can gain great benefit from short periods of focused support by living in family within the community, which in the long term can lead to a more positive future.

The scheme will provide a valuable role in giving a young person the opportunity to experience success in preventing offending during their remand stage and enable them to attend Court hearings as planned.

Can you make a difference?

Are you able to provide a warm supportive environment for young people awaiting sentence?

Could you give a full-time commitment to their care?

Could you enable them to attend appointments and court appearances?

Could you be a Remand Foster Carer?

We are looking for caring, supportive people who would be willing to share their home for short periods with these adolescents.

Are you able to offer a young person:

♦ somewhere to live
♦ a bed
♦ food on the table
♦ someone to listen
♦ more importantly, someone to hear
♦ real hope for a better future

The service aims to provide a high quality of support for both the foster carers and the young people under the Scheme.
