

# Calling community groups!

If you have an idea for an environmental project in your community, Kent County Council would like to invite you to the

'Be prepared, save money, take action!'

## Community Climate Change Conference 2010

Saturday 5 June 2010 9.30am - 4pm

Singleton Environment Centre, Ashford, TN23 5LW

The conference is free to anyone interested in empowering their community to take action to combat climate change and create a more sustainable future.

The day will show you what help and resources are available to make your idea a reality and teach you the skills to 'kick-start' community support for your project.

### Learn about:

- Planning the project
- Get the community involved
- Applying for and winning funding
- Making it happen
- Producing a flood plan

### Come and meet:

- UK Low Carbon Communities Network
- The people aiming to create the UK's first carbon neutral community
- The Kent County Council funding team
- Energy Saving Trust
- Environment Agency

Do you already have an idea for an environmental project in your community?

Then why not apply for our 'Climate Change Challenge Fund 2010' where your community could be awarded up to £5,000! Please see [www.kent.gov.uk/climatechange](http://www.kent.gov.uk/climatechange) for details

To book your place please email [climate.change@kent.gov.uk](mailto:climate.change@kent.gov.uk)

Locally sourced lunch and refreshments provided. If you have any dietary or specialist requirements, please tell us in your email.

A 'shuttle bus' is available on the day between Ashford International and the Singleton Environment Centre. Please let us know if you would like to use this service in your email.

For further information about the day, please visit our community pages at [www.kent.gov.uk/climatechange](http://www.kent.gov.uk/climatechange)
