Victoria Parade, Broadstairs
Proposed Pedestrianized zone

What are we planning to do?
Following enquiries from residents and business owners, County Councillor Zita Wiltshire has requested that we install a scheme using her Member Highway Fund allocation to improve the existing amenities in the area and provide a pedestrianized zone in the Victoria Parade cul-de-sac.

The proposal is to upgrade the existing footway and carriageway surfacing in Victoria Parade to ensure that its entire length is served by slabs and herring bone laid block paving. The existing footway at the junction of Victoria Parade and John Street will be widened and the road will be signed and enforced as a pedestrian zone, prohibiting its use by motor vehicles between the hours of 10am and 4pm.

Aims of the scheme?
The aims of the scheme are to enhance the street scene and existing amenities in the area.

How to get further information?
This proposal is currently out to public consultation. If you are interested and would like a consultation pack please contact Ryan Shiel via the Kent County Council Highways 24 hour helpline – 03000 418181 or e-mail MHF@kent.gov.uk. Alternatively, the consultation material can be viewed online at www.kent.gov.uk/khsconsult. The consultation deadline is Monday 17th March 2014.

Our Project Reference: 13-MHF-TH-26
Dear Sir / Madam,

Consultation on Victoria Parade, Broadstairs—Proposed pedestrianized zone.

Where will the work take place?
Victoria Parade, from the junction of Sea Approach to the junction with John Street.

Why do we want to carry out this work?
Following enquiries from residents and business owners, County Councillor Zita Wiltshire has requested that we install a scheme using her Member Highway Fund allocation to improve the existing amenities in the area and provide a pedestrianized zone in the Victoria Parade cul-de-sac.

The proposal is to upgrade the existing footway and carriageway surfacing in Victoria Parade to ensure that its entire length is served by slabs and herring bone laid block paving. The existing footway at the junction of Victoria Parade and John Street will be widened and the road will be signed and enforced as a pedestrian zone, prohibiting its use by motor vehicles between the hours of 10am and 4pm.

What does this scheme involve?
This scheme (as shown on the attached plan) involves:

- the installation of herring bone laid block paving to match that already existing in John Street.
- introduction of a traffic regulation order, prohibiting use of this area by motor vehicles between 10am and 4pm.
- new bollards and signage on the widened footway at Victoria Parade / John Street.
- realignment of the existing junction and markings to advise drivers to give way when exiting the Victoria Parade cul-de-sac.

Scheme Implementation
We would like to hear from you, should you wish to support these proposals, if you have any related transport concerns or other points that you feel are appropriate to be considered as part of the progression of this scheme.
